September 2023

Dear QVS Supporter,

Chairman's newsletter

I have just looked at my June 2023 newsletter, where I said that I was sitting in front of a fan, and that it was still too hot!

Now, here we are in September with the thermometer outside the kitchen window, but in the shade of the thatch, reading 88 F or almost 32 C!

Again, too hot for me, but we are told that we will have to get used to these temperatures in future!

2023 AGM and Talk

We very much look forward to welcoming you to the next event in our calendar, which is an illustrated talk about the **Tragic Titanic**. Always a subject of fascination, mystery and myth, the Titanic was brought to our attention again recently with the sad loss of the Titanic submersible, Titan.

Our speaker, Sean Callery, is an acknowledged authority on the subject of the Titanic so, please, put the date into your diary. - See poster below.

Sean's talk, in the main hall of Quanton's Memorial Hall, will start at 7.30pm on 17 October 2023 and precede our AGM, for those who wish to attend.

The Hall will be open for you from 7.00pm and, as usual, wine and refreshments will be available. We very much look forward to your support and company in joining us for a fascinating and enjoyable evening.

Planning

Your Society continues to monitor planning applications as they appear and has opposed two recent applications.

The first was an application for a 'Certificate of Lawfulness' to create a new access at The Stables in Church Street. This application was subsequently refused by the Planning Authority.

The second was a renewed attempt for 'permission in principle for the erection of a minimum of 2 and maximum of 2 dwellings' in the front garden of The Croft 15 Church Street Quanton Buckinghamshire HP22 4AW. Some of the QVS members, who objected previously, have objected again and you are encouraged to add your comments at:-

Visit

A party of us visited Chenies Manor on Wednesday 2 August 2023. Initially, the rain 'tipped it down' but, amazingly, confined itself to doing so while we toured the House and, after tea and cake, it stopped – to allow us to tour the wonderful gardens and grounds.

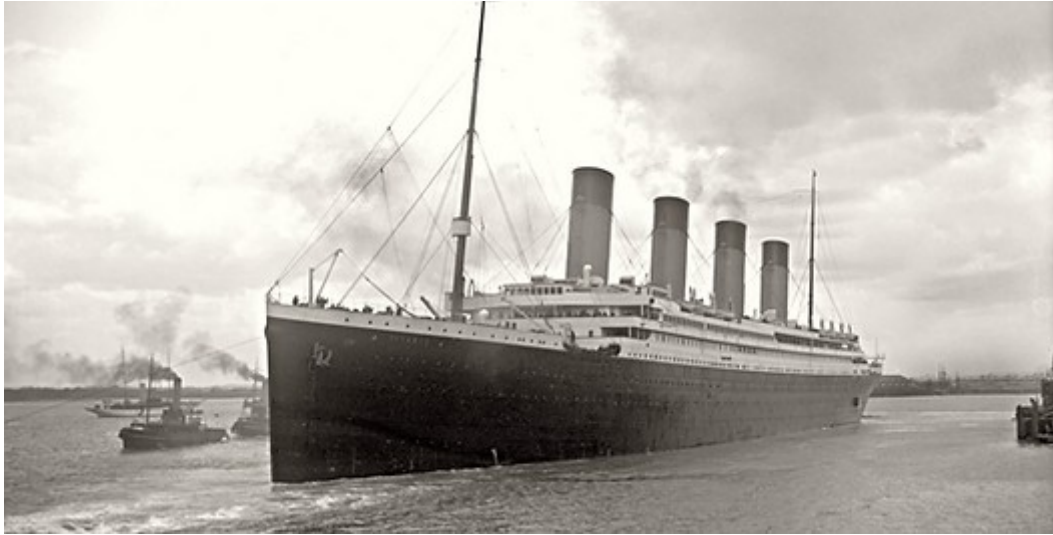

Built in 1460, Chenies was a fascinating and historically rich visit which was made all the more alive for us by an excellent guide. Whether or not you have visited there already, Chenies is superb and thoroughly to be recommended!

Titanic Talk – Please see poster below

We look forward to your company on 17 October 2023.

Best wishes,

Martin

TRAGIC TITANIC

Learn how the world's most famous ship - and wreck - was built and sailed. This tragic story of the great liner that sank on its first voyage is awash with marvels, mysteries and myths.
